Check In

When you reach North Coast Village look for a small Security office which marks the main entrance to North Coast Village. This is in front of the bigger building of North Coast Village, not the A Building which is on the corner of Breakwater Way and Pacific Street. The Patrol office is a block north of the A building at 999 N. Pacific St. There is a small parking lot there to use while you check in. Patrol is present 24 hours a day. So you can pick up your keys whenever you arrive. The guard will show you where the Home Owners office is located. (HOA) They are open 9 - 5, and then they give Patrol any keys that haven't been picked up by 5 p.m. Here you will be given the keys which have been reserved in your

name as well as your parking pass to the parking space assigned to our condo. The parking pass must be displayed on your dashboard at all times while in our parking garage. The entrance to this garage measures 6' 6". Do not back in to the parking space. There is no storage for kayaks, bikes, top rack luggage carriers, etc. These may be stored inside your vehicle.

Refer to your Rental Agreement to confirm your check in time. Often the parking space is occupied by our cleaning people just prior to your check in time.

Since this is a privately owned condo, your involvement with HOA office should be kept to key processing and NCV emergencies only. There are no hotel services provided by HOA. In the condo we have provided detailed information and maps to local services, restaurants, etc. Look for the binder in the living room. Keys

You will be given two sets of keys. There are three keys in each set:

- The rectangular magnetic one is for gates.

- The larger key is for North Coast Village facilities

- The small key is for both dead bolt and door key to A312.

Take extra caution to secure your keys while at the beach and pools. (Do not get the magnetic key wet.) At the end of your stay, return the keys to HOA by dropping them in the "Key Drop" slot adjacent to the HOA. These keys cost \$55 per set to replace and will be deducted from your deposit if you loose them or don't return them.
